## The QMS Homestay Program

Some students and their families prefer the immersive nature of a homestay program to experience life as a young learner Grades 8–12 in Canada.

These students are eager to take advantage of improving their English and discover new horizons with a Cowichan Valley host family while attending Queen Margaret's School. It's more than just food and lodging, a family immersion is a great way to deeply explore the culture of a country and become bilingual.

The Queen Margaret's School Family Homestay Program includes:

- room and board with a separate bedroom in a family setting
- transportation to/from school by your host family
- tuition for one academic year
- health coverage for the duration of the academic year
- custodianship services via ISGC

## Advantages of The QMS Family Homestay Program

- The ability to communicate in English quickly
- Increased independence
- Participation in the everyday activities of the host family
- Improved listening, reading, speaking and writing skills
- Canadian family cultural immersion
- Dynamic social integration
- Parental support and guidance

All QMS Homestay students will reside in the home of a school approved host family where they will live and study in a secure and supportive environment. Our matching process will create life-long connections and positive friendships.
